

Building a Reputation on Quality

Something we've nailed down...

There is no substitute for quality.

At David Millar Builders we stand by our work - highest quality homes built for our unique New Zealand conditions. If there's one thing that 22 years in the business has taught us it's that there's no substitute for quality workmanship utilizing the latest in building technology.

Please take your time and enjoy this portfolio of works which will give you some idea of what we do and why we continue to strive for perfection in every project we undertake, be it large or small.

I look forward to hearing from you,

Client COMMENTS

Dear Dave,

Just wanted to send you a note to say how happy we are with our new house. It is well beyond our expectations. We're so pleased and relieved we decided to get you to build it for us as we've heard countless horror stories from friends about their bad experiences with some totally unprofessional builders and we've got only good things to say about our own experience with you.

We really appreciated all the input you gave us from the overall design all the way through right down to the finishing touches - thanks so much for our stylish letterbox too - best looking letterbox in the whole neighbourhood! Above all we really enjoyed your integrity on the job - when you said the roof was going to be on by Friday, that's when it happened, and we came to expect things to go smoothly with you - something which we hear is definitely not the story in a lot of cases. As you know we had heard that you were a great builder through the grapevine and we just wanted to let you know that we will be passing on that sentiment to our friends now as well, so we wish you all the very best for your future and thank you again for helping to build ours.

Kind Regards,

Richard & Helen Robinson
